

PRS KOREA 2025

November 9(Sun) ~ 11(Tue), 2025

Grand InterContinental Seoul Parnas Hotel

Curriculum Vitae

Personal Information		
Title (i.e. Pf., Dr., etc.)	Prof.	
Name (First name_Last Name)	Jee Hyeok Chung	
Degree (i.e. MD, Msc, PhD, etc.)	M.D.	
Country	Korea	
Affiliation	Seoul National Univ.	
Educational Background		
Seoul National University, College of Medicine MD, Ph.D		
Professional Experience		
• 1995.03 ~ 1996.02 : internship Seoul national university hospital • 1996.03 ~ 2000.02 : residentship Department of plastic and reconstructive surgery Seoul national university hospital • 2000.03 ~ 2013.02 : private clinic • 2014.03 ~ 2017.08 : Department of plastic and reconstructive surgery. Seoul national university hospital		

Korean Society of Plastic and Reconstructive Surgeons

General E. secretariat.kprs@innon.co.kr
Academic E. academic.kprs@innon.co.kr

T. +82-2-6411-7380 (General)

T. +82-2-6411-7320 (Domestic), 7372 (International)

PRS KOREA 2025

November 9(Sun) ~ 11(Tue), 2025

Grand InterContinental Seoul Parnas Hotel

Main Scientific Publications

Correlation Between Speech Outcomes and the Amount of Maxillary Advancement After Orthognathic Surgery (Le Fort I Conventional Osteotomy and Distraction Osteogenesis) in Patients With Cleft Lip and Palate.	2019.05	Journal of Craniofacial surgery
Hyaluronic acid-cross-linked filler stimulates collagen type 1 and elastic fiber synthesis in skin through the TGF- β /Smad signaling pathway in a nude mouse model	2019.08	Journal of Plastic and Reconstructive Aesthetic Surgery
The Reconstruction of the Central Tubercle in Bilateral Cleft lips : Bilateral Lateral Mucosal Advancement Flap With Reinforcement of the Orbicularis Oris Muscle	2019.08	Annals of Plastic Surgery
Distribuion and phenotypes of hemifacial macrosomia and its association with other anomalies	2020.01	The Korean Journal of Orthodontics
Treatment modalities for Korean patients with unilateral hemifacial macrosomia according to Pruzansky-Kaban types and growth stages	2020.09	The Korean Journal of Orthodontics
Intraoperative blood loss and surgical time according to the direction of maxillary movement	2020.09	Archives of plastic surgery
Clinical analysis and review of literature on pilomatrixoma in pediatric patients	2020.10	Archives of craniofacial surgery
Distribution, side involvement, phenotype and associated anomalies of Korean patients with craniofacial clefts from single university hospital based data obtained during 1998-2018	2020.11	The Korean Journal of Orthodontics
Nasal airway function after Le Fort I osteotomy with maxillary impaction: A prospective study using the Nasal Obstruction Symptom Evaluation scale	2021.01	Archives of plastic surgery
Characterization of Phenotypes and Predominant Skeletodental Pattern in Pre-adolescent Patients with Pierre-Robin Sequence	2021.01	The Korean Journal of Orthodontics
Early Prediction of the Need for Orthognathic Surgery in Patients With Repaired Unilateral Cleft Lip and Palate Using Machine Learning and Longitudinal Lateral Cephalometric Analysis Data	2021.04	Journal of Craniofacial surgery
Revisiting straight-line repair in unilateral complete cleft lip: a comparison with rotation-advancement repair	2021.08	International Journal of Oral and Maxillofacial Surgery
Characterization of Treatment Modalities for Patients with Syndromic Craniosynostosis in Relation to Degree of Midface Hypoplasia and Patient's Age using Longitudinal Follow-Up Data	2021.11	Journal of Craniofacial surgery
Effect of Early Spheno-Occipital Synchondrosis Fusion in Preadolescent Patients With Syndromic Craniosynostosis on Craniofacial Skeletal Patterns A Preliminary Study Using Cephalometric Analysis	2022.01	Journal of Craniofacial surgery
